THE CITIZENS FOUNDATION CANADA

Dear XXX,

On behalf of the Citizens Foundation (TCF) Canada, I have the pleasure to extend to you a very cordial invitation to be a guest at our forthcoming Annual Gala on Sunday 3rd April 2016, 5:30 pm at Mississauga Convention Center.

The Citizens Foundation runs, on a charitable basis, around 1,202 primary and secondary schools in Pakistan, with an enrolment of 173,000 students. TCF Canada specifically supports 57 of these schools. As one of our goals is women empowerment, we have over 50% female student enrolment and all 8,900 teachers are women. By providing quality education we aspire to bring about social change in Pakistan and remove barriers of class and privilege. Since its foundation TCF has succeeded in giving hundreds of thousands of under privileged children in Pakistan an opportunity for a better future. Our success owes largely to the generous support, financial sponsorship and enduring patronage of people like you.

This year's Gala would be our biggest ever with more than 1,100 supporters being treated to an evening of networking, dinner and live entertainment. This year keynote speaker will be Farah Mohamed, the founder and CEO of G(irls)20, an organization which cultivates future generations of female leaders through education and entrepreneurship

Participating in our Gala is the simplest way of supporting our cause and all contributions will be invested directly in the schools and children. The TCF Annual Gala has consistently shown to be one of the most valued events of the calendar year, offering a unique opportunity to network with globally minded and socially conscious professionals whilst improving the lives of hundreds of children deserving of a better future.

We trust in your commitment towards people who are under privileged and need the right motivation and support to change their lives for the better. Your participation in the event would underline that very commitment and would be a source of great privilege and encouragement for our cause. We, therefore, keenly look forward to your presence at our gala.

Yours sincerely,

*TCF Vision:* To remove the barriers of class privilege to make the citizens of Pakistan agents of positive change.  
*TCF Mission:* Through the power of quality education enabling moral, spiritual and intellectual enlightenment.
